

# SUPPORT DIGITAL LITERACY IN YOUR COMMUNITY

Today's library users have a wide variety of information needs. To fulfill those needs, they want to receive quality information, quickly, from a resource they can search like they do the Internet. *Gale General OneFile* provides both the content and the tools that provide reliable results whether users are casually browsing or digging deep. And with an intuitive search functionality, familiar to Internet users, *Gale General OneFile* delivers relevant and vetted content across a wide range of topics.

As Gale's largest general interest periodical database, *Gale General OneFile* includes magazines, news articles, academic journals, images, and video to support everyday research.

## EMPOWER INSIGHT THROUGH OPTIMAL RESEARCH

### SIMPLIFY THE RESEARCH EXPERIENCE FROM THE START

The browse-by-subject feature allows users to easily view content on the most popular and most-searched topics within several distinct subject areas:

Careers | Computers & Technology | Education | Health | History | News & Current Events | Personal Finance & Taxes | Self-Help/Self-Improvement

### EXPLORE A BROAD ARRAY OF CONTENT

With no embargo on 90% of the titles and nearly 8,000 titles provided in full text, users can freely access trusted content. Gale's diligent content curation and detailed indexing ensure quality results from nearly 14,000 periodicals, newspapers, reference eBooks, and multimedia sources, along with more than 200,000 images, and thousands of audio files and videos.

### ENGAGE USERS WITH NEWS AND MORE

A broad range of perspectives on timely topics can be explored with full-text newspapers, including *The New York Times*, *The Financial Times*, *Christian Science Monitor*, *The Washington Post*, and *USA Today*. Popular magazines for business, fashion, home, travel, sports, and more, provide users with relevant information for their specific interests and projects. Finally, *Gale General OneFile* enriches the research experience with video and audio from BBC, National Public Radio, and other reliable sources.
