

Miss Humblebees

ACADEMY

A fun, interactive, online early learning solution for children ages 3 to 6.

Kindergarten readiness in a fun, online program that helps preschoolers develop literacy, knowledge, and confidence. Access anywhere, anytime – on the computer or mobile devices, with printable supplements.

Fun + learning

Miss Humblebee's Academy, developed especially to appeal to children ages 3 to 6, is the *only* solution that helps children learn while having fun AND provides educators and parents with tools to measure a child's progress. This child-friendly program:

- Prepares children ages 3 to 6 for kindergarten proficiency
- Is based on learning principles and standards from leading educational organizations
- Includes hundreds of guided lessons with sound cues across many disciplines
- Emails weekly notification of curriculum progress
- Assesses skill levels and includes tools schools need to measure their impact on early literacy development

Learn here, there, and everywhere

With a combination of online and offline learning opportunities, kids can play and learn anywhere.

- Access at school or at home
- Play and learn on mobile devices (iPads, tablets, and smart phones)
- 20% of the curriculum available as printables and practice worksheets, giving children practice using writing tools
